

Xerox® Connect App for Clio

Quick Start Guide

QUICK START GUIDE

DESCRIPTION

Xerox® Connect App for Clio is a Xerox Gallery App that allows users to connect into Clio, the SMB-focused Practice and Case Management service. Xerox® Workplace Solutions (Xerox® Workplace Suite and Xerox® Workplace Cloud) works as the Single Sign-On mechanism, making sign in fast and easy. Once signed in, the app provides a user the ability to scan a document into their account at a case/matter level, search for documents, and print the results. Expense data can be tracked and will be fed back into Clio for print and scan jobs.

Xerox® Connect App for Clio can be installed on all supported Xerox devices and is readily available to anyone with a Xerox App Gallery account.

Xerox® Connect App for Clio is for use with Xerox® ConnectKey® Technology enabled Multifunction Printers, Xerox® AltaLink®, and Xerox® VersaLink® devices.
